Q You are getting down to September 14th?

A Yes; this is September 13th that I have now, this about "Art, 1 croaker." On September 14th I remember the items in the diary quite distinctly. It said "3 bluefish; Art 1 blue, 6 pounds" and then written with a different pencil is "At Mack's in afternoon." Now, that shows that I wrote those at two different times. A (continuing) I remember fishing on the beach in the evening and possibly before supper; but I know I was fishing after supper. Supper most likely was in the neighborhood of 6 o'clock daylight saving time, might have been a little before though I didn't look at the clock, but we were used to early suppers.

Q How was your family constituted at that time and also the help in the house?

A I was alone and our cook would come up--
